

Malling & Maidstone Netball Youth League

Welcome everyone to the new season and to our 1st Newsletter

We want to keep everybody updated with our thoughts and intentions of how we see our League developing.

We meet every Sunday for a 10 o'clock (prompt) start. The session will begin with group coaching for the 1st half. We will then put you into teams and move you into a game situation. Because of the age range and size it is necessary to split into 2 groups; however as the League grows the numbers of groups will increase.

Our sessions for the remainder of this year will be every Sunday with the exception of 25/10 and 1/11 when we will break for half term. Our final session before the Christmas break will be the 6/12 and we thought it would be fun to make this a rally day. Details will be forwarded nearer the time but essentially the day will still start at 10am although may finish a little later than usual.

The sessions will resume in the New Year on the 10/1.

In the event of bad weather and the need to cancel it is our intention to e-mail you by 09:00 o'clock. For those who do not have email addresses we will text a message to the mobile number given on your registration form. It is of utmost importance your details are kept up to date so in the event of a change of details could you please fill out a new registration form.

For your information MMNL have a website which is www.mallingandmadstonenetballleague.co.uk we do have a youth section on this and any news and updates will be posted there.

We would also like to have feedback from both girls and parents of your views and ideas. To do this please e-mail aliapps@aol.com

I know I can speak for all the coaches and say that we have thoroughly enjoyed the season so far and would like to thank everyone for their hard work and positive attitude throughout the sessions.

We are in a very exciting position that we can develop our league the way we want to and together we have the opportunity to make this the most successful Youth League in the County.
